OVER THE HEDGE by Michael Fry & T Lewis

DAY TODAY

BY PETER VIDAL

**ARIES (Mar 21 - Apr 20)**  
It's an emotional day and you're not a busy week with many changes of mood. From today, the energy response varies unpredictably, especially those with a personal dimension, will be concerned about people to whom you are romantically linked.

**LIBRA (Sep 24 - Oct 23)**  
You're not usually known as an absent-minded, forgetful individual. It's a rare occurrence when you lose focus. Stay vigilant about your future when all you want is to relax.

**VIRGO (Aug 24 - Sep 23)**  
You've got three substantial planetary movements over the next week. Venus is soon to complete a brilliant and determined trio in critical sectors of your solar chart. There really is nothing that you cannot achieve, if you set your heart on it.

**PISCES (Feb 20 - Mar 20)**  
At last you can feel that property and domestic affairs are going your way. Certainly, you can afford to be optimistic about family relationships and everything which is emotionally fundamental to your existence. You'll also stop imagining that a partner is blocking your path.
