## Association of medical teachers suspends strike till Monday after meeting Jadhva

**EXPRESS NEWS SERVICE AHMEDABAD, MAY 7**

FOLLOWING A meeting chaired by Minister of State for Home Pradeepsinh Jadhva on behalf of Chief Minister Vijay Rupani in Gandhinagar Friday, the Gujarat Medical Teachers Association (GMTA) suspended their symbolic hunger strike till Monday.

On Friday morning, the medical teachers started their protest with the government medical teachers of each government medical college sitting on a symbolic hunger strike at their respective colleges raising various demands including salary hike.

"The symbolic hunger strike has been suspended till Monday. A decision thereof will be taken after the Central Council meeting on Monday. The decision was taken after Minister of State for Home Pradeepsinh Jadhva approved for the suspension of the current symbolic fast and agitation in the interest of Covid-19 patients. He held a meeting with the Chief Minister and assured that a positive solution would be reached in two days," GMTA president Dr Rajnish Patel said.

The meeting was attended by officials of health department including principal secretary Jyoti Ravi, additional secretary V G Vanzana, additional director Dr D D Dixit, syndicate member of Saushtra University Bhavin Kotah along with officials of the General Administration Department (GAD), Finance Department and representatives of GMTA under the chairmanship of Pradeepsinh Jadhva.

The GMTA has been raising its 15-point demand including salary hike, regularising of adhoc teachers, fixing the delay in promotion and pension among other issues.

"The state government has shown a positive response to 80 percent of these demands. We are confident that there would be a fruitful solution to our pending demands," Dr Rajnish Patel added.

## Pvt hospitals in Rajkot use 103 govt ventilators on 'loan basis'

**EXPRESS NEWS SERVICE RAJKOT, MAY 7**

AMID SEVERE shortage of ICU beds with ventilators in both private and public hospitals in Rajkot due to the surge in Covid-19 cases, Rajkot District Collector Reema Mohan on Thursday said that 103 ventilators purchased by the government were being used by private hospitals.

"Private hospitals have been given 103 ventilators on loan basis since October. When they place orders for ventilators in the market, it takes up to two months to get their delivery... We had extra (ventilators) and the government had taken the initiative to save lives, there is nothing in it warranting criticism," Mohan said responding to media reports that after getting government ventilators for free, 38 private hospitals in the city were charging patients up to Rs 21,500 per day.

These ventilators were originally allotted to the District Covid Hospital (DCH) set up in the multi-specialty block in Pandit Deendayal Upadhyay Government Hospital, popularly called Rajkot civil hospital. Media reports claimed that after 103 ventilators were 'loaned' to private hospitals, the government had to mobilise 40 ventilators from elsewhere to the civil hospital as Covid-19 cases soared. At present, there are 201 ventilators in the civil hospital and the district collector said that more were being

Rajkot civil hospital has 808 beds, including 201 ventilator beds. In-

installed. The 103 ventilators 'loaned' by the government to private hospitals constitute around 23 percent of the total 453 ventilator beds, which were available in 44 private hospitals in the city till around 10 days ago, officials said.

According to official records, the civil hospital has 808 beds, including 607 with medical oxygen supply (52 beds) and 201 ventilator beds. The 44 private hospitals designated as private Covid-19 hospitals have 1,831 beds, including 1,378 oxygen beds and 453 ventilators. Thirty two other private hospitals, which were designated as private Covid-19 hospitals around 10 days ago, have 858 beds, including 764 oxygen beds and 94 ventilators. As of Monday morning, 518 of the total 4,656 beds were va-

lue but I don't believe there is anything wrong in saving a life," the collector said.

She added that the government has so far not demanded the ventilators back from the private hospitals nor is the government charging any fee from the hospitals.

Mohan said the decision needed to be understood in right spirit. "Now, if we start dividing lives as per government and private and this and that... People die in desperation... After all it was a loan and it was a very good gesture on behalf of the government and it needs to be taken in the right spirit," she said.

When pointed out that private hospitals, while using government ventilators, were charging the patients, Mohan said, "They are private hospitals and they are charging but in the process, they have saved lives so they are able to help out that patient. This has been all the way since September so I don't really want to comment on that."

Confirming that there was no shortage of ventilators in Rajkot as of now, the collector said, "There is no dearth of ventilators even now in civil hospital. But we cannot remove a patient and keep a new patient just to put them on ventilator. There are so many Covid-negative patients in RICU who need ventilators, or RICU. Lots of beds are being occupied by them. Now, what can be done?"

## Surat money lenders want to be included in essential services

**EXPRESS NEWS SERVICE SURAT, MAY 7**

THE MONEY lenders of Surat have submitted a memorandum to the District Collector demanding that they be included in essential services as they lend money to the needy on gold and silver ornaments.

Since financial institutions and finance firms have been given relaxations in a state government notification on May 4, money lenders should be allowed to run their business in the present situation, they mentioned in the memorandum handed over to Dr Dhanu Patel.

Surat Money Lenders Association member Jitil Shah said, "We cannot keep our shops open in the present situation as policeman up and then there are. A few days ago, police registered cases against five money lenders in Navsari bazaar area who had kept their shops open for violating Covid norms."

According to sources, Surat has around 2,500 licensed money lenders. The memorandum said, "...money lenders should be included in the essential services sector as many people are at home with no work. If shops are not allowed to open, these poor people have to suffer a lot."

Shah added, "The offices of big national finance firms are open. We are small players catering to the middle class and lower income groups. If our shops are allowed to open, the poor will benefit."

## AHNA starts 'Emergency Oxygen Bank' for member facilities in Ahmedabad

**EXPRESS NEWS SERVICE AHMEDABAD, MAY 7**

THE AHMEDABAD Hospitals and Nursing Homes Association (AHNA) launched an 'Emergency Oxygen Bank' for the member healthcare facilities of Ahmedabad from Friday.

The oxygen cyclotron bank has been created to overcome dire emergencies happening due to oxygen shortage.

"Because of the increased number of Covid-19 patients and most of them requiring oxygen, the state is facing a crunch in oxygen supply since last few weeks and in order to ensure that the member facilities do not have anxious moments, AHNA has taken up the responsibility of creating an 'oxygen bank' for its member facilities," AHNA president Dr Bharat Gadhavi said.

He further said, "The oxygen bank is only meant for the member healthcare facilities that are in dire need of oxygen at night and on Sundays and public holidays." The facility will be working in synchronization with Ahmedabad Municipal Corporation's (AMC's) Oxygen Control Room.
